

Maya Shahaf Rozenberg

 maya.rozen53@gmail.com  0529532235  Israel  LinkedIn  Portfolio

Full Stack Developer skilled in JavaScript, TypeScript, Node.js, and React. Experienced in building scalable apps, REST APIs, and CI/CD pipelines. Fast learner, team player, passionate about delivering high-quality solutions in dynamic SaaS environments.

PROJECTS

TourVisto, AI-Powered Travel Dashboard  2025

Tech Stack: React, React Router v7, Syncfusion, Appwrite, Sentry, Tailwind CSS

- Building a full-featured travel dashboard platform with personalized trip recommendations, dynamic charts, tables, and AI-driven trip generation.
 - Integrated secure user authentication, trip management, and enterprise-grade error tracking.
 - Developed a responsive and scalable UI using Syncfusion components and advanced routing with React Router v7.
 - Deployed full-stack architecture with Appwrite backend and real-time data handling.
- Currently finalizing development, planned for deployment in May 2025.

Graduation project, KiddoNews  2024 – 2025

Tech Stack: React Native, Next.js, TypeScript, Node.js, MongoDB, OpenAI API, Vercel, CircleCI, Jira

- Developed a cross-platform news platform using AI (OpenAI API) to convert real-world articles into child-safe summaries.
- Engineered secure RESTful APIs and automated CI/CD pipelines with Vercel and CircleCI.
- Led full-stack development with emphasis on accessibility, personalized UX, and Agile delivery.
- Integrated parental controls, content filtering, and responsive design across devices.

My-Tube, YouTube Clone App  2025

Tech Stack: React Native, Expo, TypeScript, Axios, React Navigation, Expo Router

- Developed a feature-rich mobile app replicating YouTube's functionality including Shorts and persistent favorites.
- Optimized app performance using React Native Reanimated and managed local storage for offline usage.

Wordly, Multi-Language Translator App  2025

Tech Stack: React, Tailwind CSS, Vite, MyMemory API, Render

- Built a responsive translation platform integrating asynchronous API calls with robust error handling.
- Automated deployment with GitHub and Vite for real-time updates and production stability.

Quotify, Quote Generator  2025

Tech Stack: React, Vite, API Ninjas, Netlify

- Implemented an interactive quote generator with secured API integration and CI/CD pipelines via Netlify.

SKILLS

Programming — Java, Python, JavaScript (ES6+), TypeScript, C++, C

Frontend — React, Next.js, React Native, Expo, Tailwind CSS, HTML5, CSS3

Backend — Node.js, Express.js, REST APIs, MongoDB, Firebase, SQL (MySQL, PostgreSQL)

Cloud & DevOps — Docker, Kubernetes, Ansible, Bash, Linux, Git, Jenkins, CircleCI, Azure, GitHub Actions, Vercel, Render, Selenium

Practices — Agile (Scrum), OOP, Functional Programming, Multithreading, CI/CD, Jira

Core Competencies — Problem-solving, system analysis, attention to detail, teamwork, fast learner

EDUCATION

B.Sc. in Software Engineering, SCE 2021 – 2025

Practical Engineer in Mechatronics, Ort 2013 – 2015

PROFESSIONAL EXPERIENCE

Technical support, Golan Telecom 2021 – 2025

- Resolved complex network/device issues under SLA, using OSS & CRM platforms.
- Collaborated cross-functionally to enhance technical workflows.

Banker, Bank Leumi 2018 – 2020

- Streamlined digital services; coached peers in tech adoption.

MILITARY SERVICE

Technician, Measurement Laboratory | Israeli Air Force

2015 – 2017

- Performed quality assurance and technical inspections adhering to ISO standards in aerospace environments.
